ECCLESIASTICAL.

Simla, the 15th September 1915.

No. 467.—The Governor-General in Council is pleased to direct that the following shall be substituted for rule 1 and paragraphs 2 and 3 of rule 9, Part V of the Ecclesiastical Rules published with the Department of Education Notification No. 212, dated the 10th May 1913 :—

Rule 1.—All State charges for churches [except those referred to in rule 21 (5) (2) which are debitable to "23—Ecclesiastical"] in civil, military or state railway stations are provided from Public Works funds from the ordinary grant for Imperial Works under "45—Civil Works". The limits of expenditure prescribed in rules 9, 10, 23-A and 24 following are exclusive of any charges on account of establishment and tools and plant and grants made under these rules may be increased by a percentage not greater than that which the total charges levied on account of establishment, tools and plant bear to the total outlay on works.

Rule 9.— * * * * *

The maximum grant will be found by multiplying the estimated cubic contents of the approved design by a rate 15 per cent. in excess of the local rate per cubic foot for ordinary first-class single storeyed buildings of substantial construction, such as court-houses. In the absence of a building of the class referred to, the cubic foot rate may be obtained from the nearest station where such a building exists in similar conditions, or the rate may be taken from an existing church in the same or the nearest station without the 15 per cent. excess, which is allowed when the rate has been derived from a building other than a church. It is to be clearly understood that the local rate is to be calculated with reference to the actual cost of construction of the building from which it is derived, that is, charges for establishment and tools and plant, if any were paid, should be excluded from the calculation. The cubic contents of a church will be arrived at by multiplying the plinth areas of the different parts, such as main rooms, verandahs, tower, etc., by the heights from plinth to roof level of these parts and then by adding them together. If a portion of the sitting accommodation has been provided for in a gallery the area of the gallery multiplied by half the height of the church from plinth level to the portion of the roof under which the gallery is situated should also be added. In the case of a sloping roof the height will be measured to the mean height of the slope.

				Total ..	3,706·00

Boundaries.

North.—Bhavani river

East.—Vellamandi reserve line from the north-west corner of Survey No. 6 of Kuyanur through Survey Nos. 39, 5 and 25 of Kuyanur and the unsurveyed portion of Ayyampalayam village to a point on the north margin of the Kolhampalam-Sirumugai road 660 links south-west of the south-west corner of Survey No. 25 of Kuyanur, thence a straight line south-south-west to the angle on the west side of Survey No. 200 of Ayyampalayam north of its south-west corner, then the reserve line along the west sides of survey Nos. 106, 126, 154 and 168 to the northernmost point of the last named field all of Ayyampalayam village.

South.—The south boundary of the Vellamandi reserved forest to the right bank of the Bhavani river.

Reasons for disforestation.—Forest growth is extremely poor and the soil is such that good forest can never be expected. There is good deal of prickly-pear on the area which in consequence becomes unworkable. There is no demand for fuel, and good timber cannot be procured.

GOVERNMENT OF INDIA TERMINABLE LOAN.

Notice as to the Conditions on which the Public May Subscribe through the Post Office.

The Government are raising this year's loan in a new form carrying 4 per cent interest. It will be repaid in full not later than November 1923, but Government can repay it if they wish any time after October 1920.

2. Rupees 4½ crores have already been raised in the usual way by the receipt of applications at Calcutta, Madras, Bombay and other large centres, and, so far, the loan is now closed. But in addition a special opportunity is being given to persons who wish to take up the loan in small amounts, whether they are savings bank depositors or not, of subscribing through the nearest post office which transacts savings bank business.

HOW TO SUBSCRIBE.

3. Applications through the post office can be made any time up to the 30th October.

4. Applications must be for even hundreds of rupees and for not less than Rs. 100 and not more, in the case of any one applicant, than Rs. 5,000.

NOTE.—An applicant may apply for the new loan up to Rs. 5,000, notwithstanding that he already holds 3½ per cent. Promissory notes previously purchased through the post office.

5. A person desiring to apply must fill up the form below, which can also be obtained at any post office which transacts savings bank business. He must at the same time pay the full amount for which he applies. For this purpose he can use the money in his savings bank account if he is a savings bank depositor, or he can pay in cash direct. The applicant may go to the post office himself or send a messenger. All amounts paid will be acknowledged.

6. For every Rs. 100 which the applicant pays he will receive Government Promissory notes for the same amount.

CUSTODY OF PROMISSORY NOTES.

7. The notes may either be kept by the applicant in his own custody or, if he prefers, they may be retained in the custody of the post office authorities on his behalf. He should state which method he prefers in filling up the form of application. If he wishes to keep the notes himself, the post office will advise him when they are ready for delivery, and, on his presenting himself personally, they will be made over to him. If he decides to leave them with the post office, his personal attendance will not again be required, but the post office will send him an intimation in due course that they have been received and are held on his behalf. Should he at a later date *desire to keep* the notes himself, they will then be made over *to him*.

PAYMENT OF INTEREST.

8. Interest at 4 per cent. a year will be paid half-yearly, *i.e.*, 2 per cent. on the 31st May and 2 per cent. on the 30th November every year. For the broken period from the date of subscription to the 30th November next, interest will be paid in cash at the time the Promissory notes are delivered if the applicant keeps them himself, or will be credited into the savings bank account mentioned in the next paragraph if he leaves the notes in the custody of the post office authorities.

9. If the applicant decides to leave his Promissory notes in the custody of the post office authorities, the latter will draw the interest for him regularly each half-year and credit the amount into a savings bank account which will be opened for this purpose in his name. The post office will also inform him from time to time whenever interest is thus received. No charge will be levied for this service, and no income-tax will be deducted in making the half-yearly payments of interest.

If he keeps the Promissory notes himself, income-tax will be deducted from interest in the usual way at the time the half-yearly payments are made.

SALE OF PROMISSORY NOTES.

10. If at any time a savings bank depositor who holds Promissory notes in this new loan, which have been purchased through the post office by the procedure here described, desires to sell them again, or any part of them, the post office will arrange this for him without charging brokerage or other fees. Full particulars as to this can be obtained from the post office at any time.

(1) No candidate will be allowed to enter the examination room unless he wears a clean and decent dress, and, in all cases where good manners require it, a suitable covering for the head, nor will he be allowed to keep his shoes on unless they are shoes of English pattern, and socks and trousers are worn also.

No candidate suffering from any contagious disease will be admitted to the examination room.

(2) No candidate will be allowed to quit the examination room on any day until the expiration of half an hour from the time fixed for the commencement of the examination, and candidates arriving after the expiration of that half hour will not be admitted.

(3) No candidate will be allowed to re-enter the examination room during the hours of examination after once quitting it, nor to leave the room without finally giving up his answer papers.

(4) Any candidate detected in speaking to, or in any way communicating with, any other candidate will be at once removed from the room, and the circumstance reported to the Commissioner.

(5) Any candidate suspected of having had recourse to malpractice of any kind is liable to have his examination invalidated and also to be debarred from appearing again for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit; or, *if the Commissioner is not satisfied for any reason whatever as to the trustworthiness of the results*, he may be required to undergo a re-examination at some future date to be fixed by the Commissioner in any one or more of the subjects of the examination for which he appeared, his success or failure being determined on the results of such re-examination.

(6) *No candidate will, on any account, be allowed to take into the examination room slates, books, manuscripts or papers of any kind* [in the case of candidates, however, coming up for the Account, Jail, Civil Judicial, Criminal Judicial and Revenue Tests, the use of books will be allowed in answering certain question papers.] Any one detected in the violation of this rule, or having recourse to any unfair practices, will be removed from the room, and the occurrence reported to the Commissioner.

(7) Candidates whose names are not in the printed list furnished to the Superintendents must submit a written declaration through the Superintendents, giving full particulars in regard to themselves and furnish such evidence as may be possible of their having applied for admission to the examination at the proper time and paid the prescribed fees. The answer papers of such candidates will not be valued unless it is clear that the omission of their names is due to no fault of theirs.

(8) Candidates choosing to change their place of examination without previous permission, or appearing at any centre other than the one at which they ought to have appeared according to the notice published in the Gazette, must not expect to have their papers valued or their results published. In all cases where permission has been granted, the memorandum or letter permitting the change should be produced for the satisfaction of the Superintendents.

(9) A candidate having completed his paper will rise from his seat and remain standing until the Superintendent takes his answer papers. Any candidate wishing to ask any question of the Superintendent will pursue the same course, but will on no account leave his place.

(10) Any papers sent up without the candidate's name and number affixed will not be valued.

(11) Candidates will not be allowed to take any papers, except their question papers, out of the examination room.

(12) Candidates are forbidden to tear up papers or to throw ink or papers on the floor. All "spoilt copies, etc.," should be left on the desk where the candidate has been writing.

NOTICE TO CANDIDATES FOR THE PRECIS-WRITING TEST.

The following instructions are published in order that candidates may know what is expected of them in this test :—

Instructions to candidates.

The object of a precis is that any one who has not time to read the original correspondence may, by reading the precis, be put in possession of all the leading features of what passed.

2. The candidate should begin by reading the whole of the correspondence carefully through without writing anything, so that he may clearly understand what passed and be in a position to decide what are the main heads under which the important facts should be arranged. He should then read through the paper again marking what is important.

3. The precis should begin with a brief and lucid introduction to the subject under treatment. This should be followed by a narrative in the past tense containing a brief and clear statement of the contents of the correspondence, set in the order of the papers nor even necessarily in chronological order, but in *logical* order. An abstract of every paper in the correspondence or an index of its contents is not a precis.

4. The merits of a precis are—

(1) to contain all that is important in the correspondence and nothing that is unimportant;
(2) to present this in a readable and consecutive shape, expressed as intelligibly and distinctly as possible;
(3) to be as brief as is compatible with completeness and clearness;
(4) to present a strictly accurate and logically connected statement of the contents of the correspondence.

No candidate can expect to pass who omits any one of the more important points; marks will be deducted if unimportant points are included or if facts are repeated unnecessarily; *e.g.*, it is not ordinarily necessary to give the date of every paper in the correspondence and the full name and designation of the writer or recipient of every letter; and if a fact is repeated in different papers it need not generally be noted more than once in the precis.

5. Grammar, spelling, style and handwriting will be considered in assigning marks, but it must be remembered that mere excellence in composition will not compensate for inaccuracy or incompleteness in the presentation of the facts of the correspondence.

THE MADRAS VETERINARY COLLEGE PROSPECTUS.

As there appears reason to believe that intending candidates for employment in Government service are in many cases not aware of the existence of the Madras Veterinary College and of the prospects offered by a veterinary career, the following prospectus of the college is published for general information. The rules of the college and the scale of the provincial and the subordinate veterinary service are liable to be altered if need requires at any time.

1. The college affords theoretical and practical instruction in subjects appertaining to the veterinary profession with the object of training men for service under Government, Municipalities, Local Board or private employers. The staff of the college consists of a Principal, an Assistant Principal, three lecturers and a subordinate establishment. The responsibility for the discipline and management of the college is vested in the Principal who is subject to the control of Board of Revenue. Full clinical and other facilities are afforded to meet the education requirements of students preparing for the diploma in Veterinary Science. A veterinary hospital, museum, library, shoeing forge and students' hostel are attached to the college.

2. Candidates are eligible for admission without distinction of caste or nationality. They must not be under 18 years of age at the commencement of the term for which admission to the college is desired. In ordinary circumstances, no person over 22 years of age will be admitted as a free student. Students are admitted to the college by selection which will be made by the Principal. Applications for admission should be made in writing in the prescribed form printed at the end, and they should be submitted so as to reach the Principal not later than the 5th December of each year and should be accompanied by the following certificates—

(a) of age,
(b) of physical fitness and moral character,
(c) that the applicant has passed the Matriculation Examination of an Indian University or that he has obtained 45 per cent. of marks in English and 35 per cent. in other subjects in the School Final Examination, except in the case of Europeans and Eurasians who may be admitted, though unpassed at the discretion of the Principal.

3. In the event of a candidate being selected, he will be served with a special notice informing him of the particular day and hour when and the place at which he should present himself for personal selection. Candidates when admitted will be considered to be on probation for the first two months of the course and may be removed if found to be not satisfactory.

4. *Course and study and curriculum of instruction.*—The course of study for the diploma ordinarily extends over three years. The students of each year's course form a separate class. The number of students in each class is ordinarily limited to 30. Promotion from one class to another is made with reference to the results of the annual examinations. A student who fails in the class examination for two consecutive years shall be removed from the college.

The curriculum of instruction is as follows :—

Students who hold the diploma in Agriculture are not required to attend the first year's course of study, but are examined in the subjects of both the first and second year courses at the end of their first year of attendance at the Veterinary College.

Students who have passed in Chemistry or Botany in the Intermediate or B.A. Examination need not attend the course in Elementary Chemistry or Botany, as the case may be at the Veterinary College.

All students are required to undergo a course of equitation and gymnastics. A student absenting himself without leave from a lecture or from a practical, gymnastic or riding class is liable to be fined.

5. The tuition shall be free to all students who execute an agreement binding themselves to serve Government for five years, if required, after completing their course in the college satisfactorily. All others will be required to pay tuition fees in advance of each term at the rate of Rs. 240 per annum. A fee of Rs. 2 per term is also payable by each student, whether free or paying, to meet the cost of sports

6. Government ordinarily allot thirty scholarships in each class annually, two of the monthly value of Rs. 20 each, which will be reserved for graduates of a University preferably those who have taken a Science degree, and the remaining twenty-eight of the monthly value of Rs. 10 each, but they reserve the right to decrease the number or alter their value, if necessary. Scholarships in the first year will be awarded by the Principal on the results of the first three monthly examinations. Scholarships tenable in the second and third years are ordinarily allotted on the results of the monthly and annual examinations. A student already in the enjoyment of a scholarship from a local body or a private person is not eligible for a Governmens scholarship. All scholarships are conditional on the good behaviour of the holders. Students who are in the enjoyment of the Government scholarships are required to refund the amount which they have received as stipends and also to pay tuition fees at the rate of Rs. 240 *per annum*, if they leave the college without sanction or are expelled for misconduct.

Between the hours of 3 and 5 P.M. on each of the intermediate days, the applications upon which the requisite deposits have been made shall be struck off the list. The procedure above prescribed shall apply also to calls for additional stamp papers when the number first supplied has been found to be insufficient. Provided that, where the additional stamp papers called for are not deposited, but the stamp papers originally deposited are sufficient for the preparation of complete copies of one or more documents applied for, the application shall be struck off only as regards the documents which cannot be prepared by reason of the insufficiency of the stamp papers supplied; but it shall be complied with by delivery of such of the completed copies as can be prepared on the stamp papers supplied, the decision of the Superintendent as to the documents to be selected for copying being final.

44. A list of copies ready for delivery shall be posted on the notice board of the Court, and shall remain thereon for three clear days other than holidays. The copy and any unused stamp papers shall be delivered to the applicant between the hours of 10-30 and 11-30 o'clock in the morning and 3 and 5 o'clock in the afternoon; and, if not claimed by the applicant, within twelve months from the date of posting the said list, shall be destroyed. No party shall be entitled to the return of stamp papers which are used, but in which an incomplete copy is written. But the incomplete copy may be completed, if the necessary additional stamp papers are deposited under the orders of the presiding officer within six months from the date of striking off, and may then be delivered in the usual manner.

45. The applicant may, in his application for a certified copy, apply that the same may be delivered to him through the post, at a specified address; and, in such case, the copy shall be forwarded accordingly, and, if the application so requires, by registered post.

46. All copies furnished by the Court shall be certified to be true copies, and shall be sealed with the seal of the Court. The Superintendent of copyists, or other officer appointed by the Judge, shall initial every alteration and interlineation in the copy, and shall sign a certificate at the foot thereof that the same is a true copy, and shall also state the number of alterations and interlineations made therein.

47. Every copy shall bear an endorsement showing the following dates:—

(1) Application made;
(2) Stamp papers (or charges) called for;
(3) Stamp papers (or charges) deposited;
(4) Copy ready;
(5) Copy delivered (or posted).

48. (1) One stamp paper of the value of two annas shall be brought in for every 175 words, or fraction of 175 words.

(2) Four figures shall be taken as equivalent to one word; and vernacular words with short suffixes and inflections shall be counted as single words.

(3) The cost of copying maps, plans, genealogical trees, tabular statements, or other work requiring skilled labour shall be fixed by the Judge, and deposited in Court in cash. Notice of the amount so fixed shall be posted on the notice board of the Court; and the provisions of rule 43 with respect to the payment of monies for copies, shall apply.

49. (1) When a copy of judgment or order passed by a Civil Court is applied for by a party to the suit or proceeding for the purpose of appealing against it to the District or Subordinate Judge's Court, the copy shall be printed, provided the length of the judgment or order (excluding the names of parties and witnesses and the list of exhibits) exceeds 700 words. In cases where the length of the judgment or order does not exceed 700 words, the production of a printed copy is not compulsory. When the plaintiff and defendant apply separately for copies of the same judgment, each must pay the full printing charges and each application will be dealt with by itself irrespective of the other.

(2) The general procedure in applying for such copy, and in disposing of the application shall be that laid down in the above rules relating to certified copies. The Superintendent, examiner or other officer shall calculate the charges required for printing the judgment or order, reckoning at the rate of 4 annas for every 175 words completed and for the remaining words, 1 anna for every 50 words or fraction thereof. Four figures, or four simple letters used as abbreviations, shall be taken to be equivalent to one word. The names of parties and witnesses and the list of exhibits shall also be printed and included in the charges according to the above rates. When tabular statements, genealogical trees and the like, form an integral part of the judgment, they shall also be printed. A special rate for printing these shall be fixed by the Court concerned in each case, having regard to their length and complexity and the space they occupy.

(3) The applicant shall thereupon be informed, by notice of the amount payable by him for printing charges and for postage in cases where it is leviable under clause (1) *infra*, in the same manner as he is now informed of the number of stamp papers required for a manuscript copy and at the same time he shall be directed to pay that amount in cash by any means he may choose, direct to the authorised printer whose name and address shall be stated, within seven days of the date of the notice in default of which his application for copy will be struck off.

(4) The printer shall ordinarily supply four printed copies to the Court. On receipt of the four printed copies, they shall be authenticated and two copies shall be delivered to the applicant, one bearing an endorsement of dates, such as are endorsed upon manuscript copies, save that the word "charges" shall be substituted for the words "stamp papers" to be filed with the appeal and used at the hearing, and the second to be kept by the appellant for his own use. In computing limitation, the Court may allow, out of the seven days allowed for the payment of printing charges, as many days as it deems fit in each case as time requisite for obtaining a copy, if the printing office is five or more miles distant from the Court calling for the charges. The two remaining copies shall be placed with the records of the case, one to be given *gratis* to the respondent and one spare copy for supply, also *gratis* to second or more respondents having separate interests in the subject matter of the appeal, or for any other exceptional use. The costs of printing and of postage when they have been incurred under clause (7) *infra* shall be made costs in the appeal, and the Appellate Court shall declare by an express order whether they are to be borne wholly by the appellant or by the respondent or respondents, or proportionately, and in what proportion by each party.

If an appellant requires more than the two copies allowed him by this rule, such extra copies shall be supplied to him on payment of charges calculated at a rate not exceeding one anna per page.

(5) When a copy of the judgment or order passed by an Appellate Court is applied for by a party to the suit or proceeding or appeal for the purpose of appealing against it to the High Court, such copies shall likewise be printed.

On receipt of such application, the Superintendent, Examiner or other officer may, unless the applicant otherwise requests, call also for the judgment or order of the Court of First Instance, against which judgment or order was passed in appeal, and shall collect the necessary charges for printing both. In such case the printer shall, ordinarily, supply eight printed copies six of which shall be delivered to the applicant.

Out of the six copies delivered to him, he shall be charged for two of such copies at the rate mentioned in clause (2) above and for the others he shall be charged at a rate not exceeding one anna per page.

If the applicant applies for more copies or if any other party to the suit, appeal, proceeding or connected suit in cases where there is one judgment or order for several connected suits applies for copies before the order is issued for printing or within a week of the application, whichever is longer, such copies shall be supplied on payment of charges calculated at a rate not exceeding one anna per page.

If any application is made after such date, the full printing charges must be paid and such application will be dealt with irrespective of any other.

(6) In order to show cause, when required, why an appeal from an original order or from an appellate decree or order should not be dismissed without notice under Order XLI, rule 11, read where necessary with Order XLII or Order XLIII, rule 1 of the First Schedule to the Code of Civil Procedure, 1908, a party may apply to the District or Subordinate Judge's Court to print a decree or any other paper or if it be not in the English language may present for printing a translation in English of the same, certified by his pleader to be a true translation, such applications shall be dealt with in the same manner as applications for the printing of appellate judgments, provided that printed copies can be delivered to the applicant with copies of the judgments for which he may have applied under the above rules.

(7) If the Court is more than five miles from the printer, the party applying for the copy shall pay for the postage, which like the printing will be taxed as costs in the case. A uniform rate of one anna for every 100 words shall be charged to the applicant for postage in addition to the charges for printing, and it shall be included in the notice given to him under clause (3) *supra* for payment direct to the printer.

50. Costs of printing or copying or of transmission of copies by post may be taxed and dealt with as costs in the cause.

The names of selected candidates will be entered in a register maintained by the Government of India, and their claims will be considered on the occurrence of vacancies in the service.

2. Forms of applications may be obtained from the Secretary to the Commissioner. Applications must be addressed to the Secretary to the Commissioner and must reach him on or before 15th October 1915 and must be accompanied by—

(i) A certificate or other satisfactory evidence of the date of birth,

(ii) A certificate of character and conduct, signed by the Principal of the educational institution in which the applicant last studied, for not less than one year or by some responsible officer of Government, and

3. Applicants must be graduates of a recognised University or must possess other evidence of a high standard of education. They must be under 25 years of age and be prepared to appear in Madras, at their own expense, before the Commissioner, on such days as may be appointed by him.

4. The candidate finally selected by the Government of India will be appointed on probation for two years and will be required to pass departmental examinations in Hindustani and in Customs Law and Procedure. He will be given Rs. 200 a month as the first year of his probation. In the second year, he will be paid Rs. 300 a month on passing either part of the departmental examination prescribed, and, on completion of two years' service, he will be paid Rs. 400 a month, subject to the condition that he has passed the departmental examinations in full and is confirmed in the department. Thereafter, his pay will be fixed according to the general time-scale (referred to in the next paragraph), Rs. 300 being taken as the starting point. It will be open to the Government of India, at any time, to terminate the probationer's probation and to dispense with his services.

5. At present, the Imperial Customs Service consists of twenty six appointments and is constituted as follows:—

1 Collector, class I, on Rs. 2,500 a month	}	Three of these appointments are reserved for members of the Indian Civil Service.

Officers posted to Calcutta, Bombay and Rangoon are given a local allowance varying from Rs. 75 to Rs. 250 a month.

All appointments to the Collector's grade, whether acting or permanent, will be made by selection, and seniority will not necessarily give any Assistant Collector a claim to a Collectorship; and, once the rank of Collector is attained, Civilians and non-civilians will be on the same footing for the purposes of promotion. Increments may be drawn by officers who have been confirmed in the department from the date on which they are due; but the Government of India reserve to themselves the right of withholding or withdrawing such increments on account of misconduct or inefficiency. All time spent on leave with allowances, on foreign service or on deputation on special duty will count as service for increment, in the absence of orders to any particular case to the contrary; time spent on leave without allowances will not count, subject to the provision of article 161-B of the Civil Service Regulations.

6. All officers of the Imperial Customs Department are liable to transfer, from port to port, throughout India, including Burma.

Bill No. 4 of 1915.—The Madras Outports Landing and Shipping Fees Act Amendment Bill, with Statement of Objects and Reasons 725

Bill to be introduced into the Council of the Governor of Fort St. George for the purpose of making Laws and Regulations.

Under rule 32 of the rules for the conduct of business at meetings of the Council, the following Bill, together with the Statement of Objects and Reasons, is published for general information:—

No. 4 of 1915.

A Bill to amend the Madras Outports Landing and Shipping Fees Act, 1885.

WHEREAS it is expedient to amend the Madras Outports Landing and Shipping Fees Act, 1885; It is hereby enacted as follows:—

Madras Act III of 1885.

1. This Act may be called the Madras Outports Landing and Shipping Fees (Amendment) Act, 1915.

2. In this Act, "Section" means a section of the Madras Outports Landing and Shipping Fees Act, 1885.

3. In the first sentence of section 4, the words "by the Governor in Council" shall be inserted between the words "fixed" and "from time to time" and the words "may be levied" shall be substituted for the words "shall be levied".

At the end of the same section, the following shall be added as a proviso:—

"Provided that the Governor in Council "may, by general or special order, exempt "any class or classes of goods from payment "of fees under this Act, and may, in special "cases, remit the whole or any portion of any "charge levied under this section."

STATEMENT OF OBJECTS AND REASONS.

The Madras Outports Landing and Shipping Fees Act, 1885, does not confer power to exempt from the payment of fees leviable under section 4. Fees are, at present, collected under the section on canal-borne cargo and it is considered desirable to take power to exempt by general order and to remit fees in special cases. The opportunity is taken to insert in the section the words "by the Governor in Council" which are made necessary by section 2 of the Madras Decentralization Act, 1914.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

Bills introduced in the Council of the Governor General of India for making Laws and Regulations, Reports of Select Committees presented to the Council, and Bills published under Rule 23.

The following Bill was introduced in the Council of the Governor General of India for the purpose of making Laws and Regulations on the 8th September 1915 :—

No. 10 of 1915.

A Bill further to amend the Indian Trusts Act, 1882.

II of 1882. WHEREAS it is expedient further to amend the Indian Trusts Act, 1882; It is hereby enacted as follows :—

Short title. 1. This Act may be called the Indian Trusts (Amendment) Act, 1915

II of 1882. Amendment of section 20 of Act II of 1882 2. In section 20 of the Indian Trusts Act, 1882 (hereinafter called the said Act), the following amendments shall be made, namely :—

(i) To clause (*b*), the following proviso shall be added, namely :—

"Provided that, after . . . no money shall be invested in any such annuity being a terminable annuity unless a sinking fund has been established in connection with such annuity; but nothing in this proviso shall apply to investments made before the date aforesaid."

(ii) After clause (*b*), the following new clause shall be inserted, namely :—

(*bb*) "in India three and a half per cent. stock, India two and a half per cent. stock, India three per cent. stock, India two and a half per cent. stock or any other capital stock which may at any time hereafter be issued by the Secretary of State for India in Council under the authority of an Act of Parliament and charged on the revenues of India;"

[9, 50 & 57 Vict., c. 63, s. 1 (3).]

(iii) In clause (*c*) after the word "Council," the words "or by the Government of India" shall be added.

Insertion of new section 20A in Act III of 1882.

3. After section 20 of the said Act, the following section shall be inserted, namely:—

[Cf. 56 & 57 Vict., c. 63, s. 2]

Power to purchase redeemable stock at a premium.

"20A. (1) A trustee may invest in any of the securities mentioned or referred to in section 20, notwithstanding that the same may be redeemable, and that the price exceeds the redemption value:

Provided that a trustee may not purchase at a price exceeding the redemption value any security mentioned or referred to in clauses (c) and (d) of section 20 which is liable to be redeemed within fifteen years of the date of purchase at par or at some other fixed rate, or purchase any such security as is mentioned or referred to in the said clauses which is liable to be redeemed at par or at some other fixed rate at a price exceeding fifteen per centum above par or such other fixed rate.

(2) A trustee may retain until redemption any redeemable stock, fund or security which may have been purchased in accordance with this section."

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to extend the powers of trustees in the matter of the investment of trust funds somewhat on the lines of sections 1 and 2 of the Trustee Act, 1893 (56 & 57 Vict., c. 53). Section 20, clause (d) of the Indian Trusts Act, 1882 (II of 1882), unlike the English Act, does not allow the investment of trust funds in India sterling stock, a defect which it is proposed to remedy. The same clause permits investment not only in annuities of the class in connection with which sinking funds have been established but also in terminable annuities without sinking funds, such as the A annuities created on the purchase of certain Indian Railways. Annuities of the latter class are not regarded as suitable for the investment of trust funds, and it is proposed to exclude them from the scope of the clause, but not to prejudice the position of trustees who may have bought them already. The necessary provision is made in sub-clauses (i) and (ii) of clause 2 of the Bill.

2. Clause (c) of section 20 of the Act of 1882 contemplates the investment of trust funds in the securities of Railway or other Companies the interest on which is guaranteed by the Secretary of State for India in Council. In some cases, *e.g.*, of branch line Railway Companies, the guarantee is sometimes expressed as given by the Government of India. It is desirable to make it clear that investment is equally permissible in the latter case. Clause 2, sub clause (iii), of the Bill accordingly provides for this.

3. Section 2 of the Trustee Act, 1893 (56 & 57 Vict., c. 53), empowers trustees, subject to certain restrictions, to purchase redeemable stock at a premium. Clause 3 of the Bill supplies the want of a similar provision in the Indian Trusts Act, 1882 (II of 1882), which has been experienced in some quarters.

The 1st September 1915.

E. H. CRADDOCK.

W. H. VINCENT,
Secy. to the Govt. of India, Legislative Dept.

(Republished by order of His Excellency the Governor in Council.)

J. P. BEDFORD,
Acting Secretary to Government, Legislative Dept.

The following Bill was introduced in the Council of the Governor General of India for the purpose of making Laws and Regulations on the 8th September 1915:—

No. 11 of 1915.

A Bill to provide for the special protection in respect of civil and revenue litigation of Indian soldiers serving under war conditions

WHEREAS it is expedient to provide for the special protection in respect of civil and revenue litigation of Indian soldiers serving under war conditions; It is hereby enacted as follows:—

Notice to be given in case of unrepresented Indian soldier

4. If any Civil or Revenue Court has reason to believe that any party to any proceeding pending before such Court is an Indian soldier who is serving under war conditions, and that such soldier is not represented in the proceeding by any person duly authorized to appear, plead, or act on his behalf, such Court shall give notice thereof in the prescribed manner to the prescribed authority.

Postponement of proceedings.

5. On receipt of a notice under section 4, the prescribed authority may, if it is of opinion that a postponement of the proceeding as against such soldier is necessary in the interests of justice, certify the fact in the prescribed manner to the Court in which the proceeding is pending, and thereupon such Court shall postpone the proceeding as against such soldier for the prescribed period, or, if no period has been prescribed, for such period as it thinks fit.

Court may proceed when no certificate received within certain period.

6. If, after the issue of a notice under section 4, the prescribed authority either certifies that such postponement is not necessary or fails to certify, in the case of a soldier resident in the district in which the Court is situate within two months, or in any other case within three months from the date of the issue of the notice under section 4, that such postponement is necessary, the Court may, if it thinks fit, continue the proceeding.

Power of Collector to intervene for such.

7. If the Collector has reason to believe that any Indian soldier who ordinarily resides, or who has property, in his district and is serving under war conditions, is a party to any proceeding pending before any Civil or Revenue Court, and that such soldier is not represented in such proceeding by any person duly authorized to appear, plead, and act in his behalf, the Collector may, if he is of opinion that a postponement of the proceeding as against such soldier is necessary in the interests of justice, certify the fact in the prescribed manner to such Court, and if the Court is satisfied that such Indian soldier is not so represented, the Court shall postpone the proceeding as against such soldier in the manner provided in section 5.

Power to set aside decrees and orders passed against an Indian soldier serving under war conditions.

8. (*1*) In any proceeding before a Civil or Revenue Court in which a decree or order has been passed against any Indian soldier whilst such soldier was serving under war conditions, such soldier may apply to the Court which passed the same for an order to set it aside; and if he satisfies the Court that default after the 31st of May 1915 has been made in complying with the provisions of section 3 or 4, the Court shall, or, in any other case if the interests of justice require such a course, the Court, subject to such conditions (if any) as it thinks fit to impose, may make an order setting aside the decree or order as against such soldier:

Provided, firstly, that any such application is made within three months from the date on which such soldier ceased to serve under war conditions; secondly, that no decree or order shall be set aside on any such application unless notice thereof has been served on the opposite party; and thirdly, that when the decree or order is of such a nature that it cannot be set aside as against such soldier only, it may be set aside as against all or any of the parties against whom it has been made.

(*2*) The provisions of section 5 of the Indian Limitation Act, 1908, shall apply to applications under this section. IX of 1908.

(*3*) Where an order is made in the exercise of the power conferred by sub-section (*1*), the Court shall continue the proceeding.

Power of Civil or Revenue Court to refer question of whether service was under war conditions or not.

9. If any Civil or Revenue Court is in doubt whether any Indian soldier is or was at any particular time serving under war conditions, such Court may refer the point for the decision of the prescribed authority, and the certificate of such authority shall be conclusive evidence on the point.

Rule-making power.

10. The Local Government, after consulting the High Court, may, by notification in the local official gazette, make rules—

(*a*) prescribing the manner and form in which any notice or certificate under this Act shall be given and the authorities to whom such notices shall be given and by whom the powers under this Act shall be exercised;

(*b*) the period for which proceedings or any class of proceeding shall be suspended under this Act, and

(*c*) generally providing for any matters incidental to the purposes of this Act.

Modification of law of limitation in the case of Indian soldiers serving under war conditions

IX of 1908.

11. In computing the period of limitation prescribed by the Indian Limitation Act, 1908 or any other law for the time being in force for any suit, appeal or application to any Civil or Revenue Court in which the plaintiff, appellant or applicant is an Indian soldier, the time during which such soldier has been serving under war conditions, since the 4th of August 1914, shall be excluded.

Power to apply the provisions of this Act to other persons in the service of the Crown.

12. The Governor General in Council may, by notification in the *Gazette of India*, direct that all or any of the provisions of this Act shall apply to any other class of persons in the service of His Majesty specified in such notification in the same manner as they apply to Indian soldiers, and upon such notification such provisions shall apply accordingly.

Repeal of Ordinance No. II of 1915.

13. The Indian Soldiers (Litigation) Ordinance, 1915, is hereby repealed.

STATEMENT OF OBJECTS AND REASONS.

During the course of the present war it was found necessary to enact measures for the protection of the interests of Indian soldiers serving under war conditions. This object was effected by the promulgation of Ordinance II of 1915 which provided for the special protection in respect of civil and revenue litigation of Indian soldiers serving under war conditions. The main objects sought to be secured were that cases to which Indian soldiers were parties should not be proceeded with unless their adequate representation in such proceedings had been ensured and that power should be given to the Courts to set aside decrees or orders passed when these conditions had not been observed. A further privilege conferred was the exclusion of any period of service under war conditions from the period of limitation.

The Ordinance has been in operation for four months and, so far as conclusions may be drawn from the limited experience of its working, has been found to meet the objects with which it was passed.

As the Ordinance will cease to be operative in November it is necessary to re-enact the provisions contained in it in a permanent form on the statute book. The present Bill effects this object and makes only such formal changes in the provisions of the Ordinance as are necessary in view of their permanent enactment. Opportunity has however been taken to add a fuller definition of the term "serving under war conditions," which will be suitable after the termination of the present war.

The attention of the Governor General in Council has been further drawn to the fact that there are certain classes of servants of the Crown, who are not technically within the definition of the term "Indian soldier" although it is possible that they have an equal claim to protection of the same nature. Clause 12 therefore gives power to the Governor General in Council to extend the protection conferred by the Bill to persons of this class.

The following Bill was introduced in the Council of the Governor General of India for the purpose of making Laws and Regulations on the 8th September 1915 :—

No. 12 of 1915.

A Bill to amend certain enactments and to repeal an enactment.

WHEREAS it is expedient that certain formal amendments should be made in the enactments specified in the First Schedule ;

AND WHEREAS it is also expedient that the enactment specified in the Second Schedule, which is unnecessary, should be expressly and specifically repealed ; It is hereby enacted as follows :—

Short title. 1. This Act may be called the Repealing and Amending Act, 1915.

Amendment of certain enactments. 2. The enactments specified in the First Schedule are hereby amended to the extent and in the manner mentioned in the fourth column thereof.

Repeal of certain words and figures in Act VIII of 1913. 3. The enactment specified in the Second Schedule is hereby repealed to the extent mentioned in the fourth column thereof.

Savings. 4. This Act shall not affect the validity, invalidity, effect or consequences of anything already done or suffered, or any right, title, obligation or liability already acquired, accrued, or incurred, or any remedy or proceeding in respect thereof, or any release or discharge of or from any debt, penalty, obligation, liability, claim or demand, or any indemnity already granted, or the proof of any past act or thing;

nor shall this Act affect any principle or rule of law, or established jurisdiction, form or course of pleading, practice or procedure, or existing usage, custom, privilege, restriction, exemption, office or appointment notwithstanding that the same respectively may have been in any manner affirmed, recognized or derived by, in or from any enactment hereby repealed.

THE FIRST SCHEDULE.

AMENDMENTS.

(*See section* 2.)

Year.	No.	Short title.	Amendments.	Explanations.
(1)	(2)	(3)	(4)	(5)
1867	XXV	The Press and Registration of Books Act, 1867.	In section 21, after the word "books" the words "or papers" shall be inserted.	The power in the existing section only allows exemption of books. There are certain classes of papers, *e.g.*, railway tickets which are not technically "books," which it is desirable to take power to exempt. Hence the amendment.
1882	IV	The Transfer of Property Act, 1882	In the last paragraph of section 58 and in clause (*c*) of section 69 of the said Act, for the words "and Akyab" and for the words "or Akyab" the words "Akyab and in any other town which the Governor General in Council may, by notification in the *Gazette of India*, specify in this behalf" and the words "Akyab or in any other town which the Governor General in Council may, by notification in the *Gazette of India*, specify in this behalf" shall be substituted respectively.	The extension to a portion of the Transfer of Property Act to Upper Burma has brought to notice the fact that a custom exists in the town of Mandalay of making mortgages by delivery of title deeds, and it is desirable in the interests of the traders of that town, to make provision for the legislation of that practice. As similar circumstances may possibly occur in the future, the amendment has been made in a general form, and it is, at the same time, thought desirable to make a consequential amendment in section 69 (*c*).
1887	IX	The Provincial Small Cause Courts Act, 1887.	In section 3, sub-section (*1*), for the words "an Additional Judge" the words "Additional Judge" shall be substituted, and in sub-sections (*2*) and (*3*) of the same section, for the words "the additional" the words "an additional" shall be substituted, and in sub-section (*4*) of the same section, before the word "additional" the word "senior" shall be inserted	It has been found desirable on administrative grounds to take power to appoint more than one additional judge to a Provincial Small Cause Court. Hence the amendment.
1911	III	The Criminal Tribes Act, 1911.	In section 10 for the word "first" the word "fresh" shall be substituted, and after the word "tribe" the words "either or both of the following directions, namely" shall be inserted, and the word "or" where that word occurs between clauses (*a*) and (*b*), shall be omitted	The existing law only permits of the orders being made in the alternative. It is desirable that the power should be cumulative or alternative.
1913	VII	The Indian Companies Act, 1913.	In section 244, after the word "company" where that word occurs for the last time in sub-section (*1*), the following shall be added:—" and shall make rules providing for all matters relating to the winding-up of companies which, by this Act, are to be prescribed "	The amendment has been made to bring the rule-making power into accord with the definition of "prescribed" in the Act. Doubts have been expressed as to the power of High Courts to give effect to the definition of "prescribed"

THE SECOND SCHEDULE.

REPEAL.

(*See section 3.*)

Year.	No.	Short title.	Extent of repeal.	Explanation.
(1)	(2)	(3)	(4)	(5)
1915	VIII	The Arms (Licences and Fingerprints) (Amendment) Act, 1915.	In the Schedule the words and figures "sub-section 124, clause (a)."	The words are superfluous.

STATEMENT OF OBJECTS AND REASONS.

This small Bill makes certain formal and unimportant amendments in certain Acts of the Governor General in Council. The reasons for the amendments are explained in column 5 of the Schedule to the Bill. Opportunity has also been taken to repeal superfluous words in another Act.

The 3rd September 1915.
